---

---

## Objective

As a results-driven Android Developer with 4 year+ experience, I specialize in designing, developing, and deploying high-quality mobile applications. I am passionate about creating seamless user experiences and contributing to innovative, user-centric solutions in a collaborative team environment.

---

## Tech. Skills

Proficient in Android and Flutter with expertise in Kotlin, Java, and Android SDK, specializing in scalable applications using MVVM and MVP. Proficient in integrating RESTful APIs, Firebase, ML Kit, and managing Room/SQLite databases. Skilled in leveraging Retrofit, Dagger, and RxJava, with a focus on code quality.

---

## Experience

### INVENTICS SOFTWARE PVT. LTD.

#### Sr. Android Developer | Sep 2022 – Present

- Lead development of advanced Android apps with Kotlin and Java, using MVVM for high performance and manage a team of developers.

### BYJUS

#### Business Development Associate (BDA) | October 2021 – April 2022

## Education

B.A. (60%) | 2021

Mahatma Gandhi Kashi Vidyapith (MGKVP)

DIPLOMA IN IT (79%) | 2018

Board of Technical Education Uttar Pradesh (BTEUP)

12TH IN SCIENCE (60%) | 2015

U.P. Board

---

## Activities

**App Development Projects:** Developed several Android and Flutter applications, focusing on user experience and backend integration, including Firebase and REST APIs.

**Ethical Hacking Workshop:** Participated in a workshop to gain insights into cybersecurity and ethical hacking principles.

---

---

**Skills**

**Strong Communication:** Effective team collaboration and idea sharing.

**Problem-Solving:** Innovatively addressing development challenges.

**Leadership:** Efficiently managing projects and guiding teams.

**Time Management:** Balancing tasks and meeting deadlines.

---

**Language**

English, Hindi

---

**Area of Interest**

Learning New Things, Music, Travel
