

GAURAV SHUKLA

Senior Mobile Application Engineer | Native Android (Kotlin/Java) + Flutter | IoT & Real-Time Systems

+91 7985043830 | shuklanikk@gmail.com | Varanasi, U.P., India | linkedin.com/in/gauravnikk | github.com/GauravNikk

PROFESSIONAL SUMMARY

Senior Mobile Application Engineer with 6+ years building scalable, high-performance apps across Native Android (Java/Kotlin), Flutter, and iOS (Swift). Expert in GetX, BLoC/Cubit, and Provider state management, MVVM/Clean Architecture, real-time systems (WebSocket, WebRTC), CI/CD automation, and on-device ML, with working exposure to IoT and connected-device integration (wearables, Bluetooth/BLE). Proven team lead with 20+ production apps shipped across real-money gaming, ed-tech, matrimony, healthcare, and on-demand platforms — 100K+ collective downloads, 4.5+ average rating.

CORE TECHNICAL SKILLS

Languages: Kotlin · Java · Dart/Flutter · Swift

Platforms: Native Android · Flutter (Web, Mobile, iOS & Android) · iOS (Swift)

Architecture: MVVM · MVI · Clean Architecture · Repository Pattern · Modular

State Management: GetX · BLoC/Cubit · Provider · Riverpod

Async / DI: Coroutines · RxJava · Hilt · Dagger 2 · get_it (Flutter)

Real-time: WebSocket · Socket.io · WebRTC · Agora · Firebase RTDB/Firestore · FCM · Real-time Chat

Backend / APIs: REST/Retrofit · Dio · gRPC · OpenAI/Gemini APIs

Payments / ML: Razorpay · Stripe · UPI Deep-link · In-app Billing · ML Kit · TensorFlow Lite · CameraX

iOS: SwiftUI · UIKit · Combine · SPM

IoT & Connected Devices: Smart Ring · Smart Watch · Smart Glasses · Bluetooth/BLE · Device Connectivity · Device Data Synchronization · Real-time Device Communication

DevTools: Git · GitHub Actions · Firebase App Distribution · Android Studio · Xcode · Figma

KEY CAREER HIGHLIGHTS

- 20+ production apps shipped · 4.5+ average Google Play rating · 100K+ collective downloads
- Own end-to-end mobile architecture — from real-time WebSocket/WebRTC systems to CI/CD pipelines — across Native Android and Flutter, scaling to 50K+ MAU and 10K+ concurrent users
- Reduced release cycle 2 days → 4 hours via CI/CD automation (GitHub Actions + Firebase App Distribution)
- Reduced bug regression by 40% via Clean Architecture; scaled real-time systems to 10K+ concurrent users
- Led & mentored teams of 3–4 engineers; improved sprint on-time delivery by 20%, crash-free rate to 99.1%
- 50K+ MAU on real-money gaming platform; 100K+ downloads on Ekal Acharya NGO app

PROFESSIONAL EXPERIENCE

Sr. Mobile Application Developer | Celestial IT Verse Pvt. Ltd.

Jan 2025 – Present

- Architecting a real-money gaming platform (Kotlin, Flutter) — live multiplayer, wallet transactions, leaderboards at sub-100ms latency; 50K+ MAU.
- Rebuilt matrimony app in Flutter (multi-module + BLoC/Cubit) and integrated Agora/WebRTC for video calling — cut feature time-to-market by 35%, supporting 10K+ concurrent users.
- Built real-time chat (Socket.io/WebSocket) and introduced MVVM + Clean Architecture codebase-wide — reduced bug regression by 40%.
- Shipped SnapVisionary (AI photo app) and DriverGill (on-demand driver app, Razorpay); mentoring 3 junior developers.

Sr. Software Development Engineer | Inventics Software Pvt. Ltd.

Aug 2022 – Dec 2024

- Delivered 10+ production Android/Flutter apps across e-commerce, healthcare, and on-demand — all 4.5+ on Google Play.
- Designed cab-booking app (Ola-style) with Google Maps SDK, WebSocket live driver tracking, surge pricing, and Razorpay.
- Built Ekal Vidyalaya Suite for a rural-education NGO — Ekal Acharya reached 100K+ downloads.
- Set up CI/CD (GitHub Actions + Firebase App Distribution); mentored 4 developers, improving on-time delivery by 20%.

Android Developer | CODEAIR

Mar 2020 – Sep 2021

- Built & maintained 4 consumer Android apps (Java/Kotlin, Firebase, Retrofit, Room); improved crash-free rate from 92% to 99.1%.
- Implemented Material Design UI with MotionLayout and REST API integrations.
- Started as Android Intern (Dec 2019 – Mar 2020), building foundational Android SDK and Git experience.

EDUCATION & SOFT SKILLS

B.A. (Graduation) — Mahatma Gandhi Kashi Vidyapith University, Varanasi

Diploma in Information Technology — Board of Technical Education, Uttar Pradesh

Languages: English (Professional Fluency) · Hindi (Native)

- Team Leadership & Engineering Mentorship (3–4 direct reports)
- Agile / Scrum · Sprint Planning · Code Review · Technical Documentation
- Cross-functional Collaboration (Design, QA, Product, Backend)
- Performance Optimisation (Android Profiler, Dart DevTools)
